

## ENVIRONMENTAL POLICY

As a manufacturer of metal fabricated goods and vehicle components used globally, the environmental policy of Gabriel North America Ride Control LLC is the following.

### **C**ONTINUOUS IMPROVEMENT

- Evaluate our environmental management system regularly in order to achieve continual improvement.
- Include environmental responsibility as factors in employment and performance decisions.

### **O**BEY THE LAW

- Conform to all applicable environmental laws and regulations.
- Maintain constructive relationships with regulatory agencies and public officials.

### **P**ROTECT THE ENVIRONMENT

- Consider environmental impacts in business decisions.
- Minimize adverse environmental impacts by conserving natural resources, reduction, minimizations, or elimination of pollutants when practical.
