

Winter corrosion doesn't have to add downtime. With Gabriel's Anti-Corrosion End Mount Coating you can save up to 2½ hours of downtime!

[Click here to see how!](#)

The advertisement features a background image of a log truck in a snowy, winter environment. In the foreground, a black cylindrical component, likely a shock absorber, is shown horizontally with the "Gabriel FLEET LINE" logo on it. Below the component, a circular inset shows a close-up of a metal end mount. The text "SAVE 2½ HOURS OF DOWNTIME!" is prominently displayed in bold black and red letters. At the bottom, the website "Gabriel.com" is listed.
