See how GasSLX's
GAS CELL provides
BETTER PERFORMANCE
over traditional
gas-charged shocks

THE INDUSTRY'S LEADING ADJUSTABLE GAS CELL SHOCK

GasSLX® is the perfect adjustable gas cell shock absorber for applications that:

- Work in severe duty applications, see high miles or lots of road dust
- Benefit from adjustable settings
- Are difficult to access during installation - GasSLX® are easier to install, no fighting against the shock to hold the rod in a collapsed position
